Cincinnati, OH 45249-2201

Dear Captain Meyer,

On behalf of everyone at Operation Iraqi Children, the troops in Iraq and Afghanistan and so many other places, and People to People International, we send our heartfelt thanks to you and your project participants for donating your time and your effort to our cause. Your twenty shipments to us, totaling a staggering 2,478 school supply kits, are making a huge difference in the lives of so many people.

Operation Iraqi Children is a collaborative endeavor, and none of our work would be possible without the generous assistance of people like you. Thanks to you, thousands of children in war torn regions will have the joy of receiving their own school supply kit. With these kits, they will have the tools they need to obtain the most precious of gifts, an education, enriching their lives and broadening their horizons. And thanks to you, soldiers will be able to bond with these children and their families, fostering goodwill between nations. The gift that you have given to this cause will never stop reverberating in the lives of countless people. Thank you so much.

With deepest gratitude,
